EDUCATION

FULL-STACK WEB DEVELOPMENT AND CODING PROGRAM

Rutgers University

April 2024 - August 2024

MIKE KRUCÉ

FULL STACK WEB DEVELOPER PROFILE

Enthusiastic technology professional transitioning from photography business owner to full-stack web development. Growing up alongside advancing technology, I developed a passion for troubleshooting and debugging, which helped me obtain a position as a help desk technician. With hands-on experience in building websites using platforms like WordPress, Wix, GoDaddy, and Squarespace, I am currently enhancing my skills through a Full-Stack Web Development and Coding class at Rutgers University. My transferable skills in technical support, combined with recent studies in web development, make me a strong candidate for roles in the tech industry.

EXPERIENCE

FREELANCE PHOTOGRAPHER / BUSINESS OWNER

Mike Kruce Photography
www.mikekrucephoto.net

2017 - Present

- Successfully run a photography business, handling all aspects from client acquisition to project completion.
- Provided high-quality photography services for various clients, enhancing their online and offline presence.
- Managed business operations including marketing, sales, and customer service, ensuring client satisfaction and repeat business.

FREELANCE WEB DEVELOPER

Self - Employed

2007 - Present

- Built and maintained websites for several clients over the years using platforms such as Wix, GoDaddy, and Squarespace, enhancing online presence and user engagement, including my own businesses.
- Collaborated with clients to understand their needs and deliver customized web solutions

HELP DESK TECHNICIAN

Comcast / Xfinity

2006 - 2010

- Utilized troubleshooting skills to resolve technical issues for end-users, ensuring minimal downtime and high user satisfaction.
- Assisted in the setup and of computer systems, networks, and peripherals.
